1st December 2023

Dear Valued Customer,

PMP Price Increases – 2nd March 2024

In line with our commitment to give you as much notice as possible on any supplier price increases, please find below details of some forthcoming price increases.:

PMP Manufacturing remains committed to the development of cost-effective, high-performance insulation solutions and although we have delayed passing on these increases, we cannot continue to absorb the increasing costs. The decision to increase prices is something, as a business, we take extremely seriously and where we are able, we do try not to pass on all the cost increases that have been coming down the line.

The increase will be applied to all deliveries of materials on or after the **2nd March 2024**

	Range	% Increase
	All Product Lines	5%

We trust that our advance notice will allow you to incorporate these changes within your own pricing strategies and we would like to take this opportunity to thank you for your ongoing support throughout 2023 and look forward to working closely with you throughout 2024 and beyond.

Yours sincerely,

Phil Woolacott
Director
On Behalf of PMP Manufacturing Ltd
